

N5185A & N5186A

MXG SIGNAL GENERATOR

DEAL IN BRIEF

Trade in your eligible signal generator and receive a credit up to 60% toward the purchase of a new N5185A or N5186A MXG Signal Generator. The N5185A and N5186A is Keysight's 1st midrange signal generator with 4-channels in a 2U form factor for optimized receiver testing, utilizing less bench space and simplifies complex test setups by reducing external connections.

Credit values are based on *typical configuration and average list price* and apply to models with *matching frequency range* (and port or channel count where applicable).

TRADE-IN MODEL	CREDIT UP TO	
	N5185A	N5186A
KEYSIGHT		
N5172B	55%	34%
N5182B	60%	35%

TERMS AND CONDITIONS

- Trade-In credits for this special promotion may be subject to change without notice, at Keysight's discretion.
- Credits ranges apply to Trade-In models with matching or similar frequency range and port / channel count.
- The Trade-In unit(s) must be in working condition, without major esthetic and physical damages, to receive the full credit.
- Credits apply to the new Keysight product and hardware options included in the offer; not to Keysight software or hardware items bought with the same order but with a separate model number.
- Credit values are approximate and may vary by currency and country, for one new and one Trade-In unit, and may change any time without prior notice.
- The Trade-In credit and purchase agreement (PA) discounts may be combinable.
