

# XR804KA

## INFINIUM XR8 OSCILLOSCOPE

### DEAL IN BRIEF

This Trade-In offer provides a path for you to Trade In your eligible Keysight, Tektronix, and Lecroy Oscilloscope or your R&S signal analyzer and receive a credit up to 50% towards the purchase of the new XR804KA oscilloscope. The XR804KA delivers unmatched visibility from 8 GHz to 33 GHz with a 12-bit ADC for exceptional vertical resolution. Powered by the new Infiniium 2026 software, it provides a faster, smarter, and more intuitive user experience. Its compact form factor offers superior flexibility for lab or field use.

With industry-leading signal fidelity and low noise, XR8 ensures accurate insight into next-gen SerDes and high-speed digital designs. Keysight continues to lead the high-performance oscilloscope market – Smarter. Smaller. Superior.

*i* Credit values are based on **typical configuration and average list price** and apply to models with **matching frequency range** (and port or channel count where applicable).

### TERMS AND CONDITIONS

- Trade-In credits for this special promotion may be subject to change without notice, at Keysight's discretion.
- Credits ranges apply to Trade-In models with matching or similar frequency range and port / channel count.
- The Trade-In unit(s) must be in working condition without major esthetic and physical damages to receive the full credit.
- Credits apply to the new Keysight product and hardware options included in the offer; not to Keysight software or hardware items bought with the same order but with a separate model number.
- Credit values are approximate and may vary by currency and country, for one new and one Trade-In unit, and may change any time without prior notice.
- The Trade-In credit and purchase agreement (PA) discounts may be combined.
